

WDDA ASSESSMENT

Player Name:

Date:

WDDA Member Number:

Assessment is carried out with those new to the sport in the following three areas:

Accuracy

Retrieval

Etiquette

A pass in each area indicates the player has attained the required LOSP - Level of Sport Proficiency. Participation in future WDDA events will be allowed within the Classification determined by this Assessment.

Accuracy:

10 Sets of 3 darts to be thrown with maximum time limit for retrieval between sets of 90 seconds.

Only 3 darts are permitted to miss the board (fall-outs not included). Those that miss must land within the backboard area.

Where self retrieval is perceived to have caused tiredness and inaccuracy of the throw, reassessment of this section may be undertaken after sufficient recovery time has been allowed using someone to retrieve their darts (waiting behind oche).

Self Retrieval:

Darts Missed _____ Darts outside permissible area _____

Pass / Fail

Non-Self Retrieval:

Darts Missed _____ Darts outside permissible area _____

Pass / Fail

Etiquette:

(Assessed during an actual game played against an opponent)

Based on the guidelines of the WDDA Disability Classification Draft the player is considered to have demonstrated an understanding of darts etiquette.
